Guide  
Dogs  
WA

Name

*Zuma*

*Autumn*

Zuma is a bright, friendly and affectionate boy with a beautiful temperament. He has a strong willingness to please his handler and actively tries to do the right thing. He has all the right characteristics and attributes, he is a shining little star!

Zuma has a nice level of confidence when approaching any new task, environment or activity. This is a great skill and attribute Zuma!

Zuma is currently working on scent distraction and walking with his head up. Exposure to a large variety of social situations and different environments are the main focus of Zuma's training and this will assist him to continue to build his confidence, take initiative and make decisions independently in preparation for guiding his handler. Good job Zuma!

Zuma is learning the basics and has already nailed the "sit" command and his understanding of other obedience commands are improving at a lovely rate. Good work Zuma!

Zuma loves his cuddles and pats and in his downtime enjoys nothing more than a free run and playing hide and seek with the other dogs in training and who can blame you Zuma!

Many thanks to the Think Fragile X Foundation for your much appreciated support of Zuma and our Buddy Dogs for Kids Program.
